PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

## Rardin Reports On Road, Bridge Work

Progress of county road and bridge work in the Everglades was subject of a report this week by County Commissioner Paul Rardin. Canal Point. Rardin told members of the commission that State Road Department crews had succeeded in patching a damaged Corner's Highway and that the road was open to traffic. State crews are scheduled to give close attention to the damaged road, Rardin said, in order that it can be kept open.

Driving of test piling on a State bridge at Canal Point was also reported by Rardin as was a test piling project for a new bridge at Sand Cut being built across L-3 Canal.

Among other actions by the commission this week were:

Approving four new plots, located at Juno Beach, West Palm Beach, Palm Beach and Lake Worth.

Heard that remodeling of the court house would be completed by December 15 and that construction of a new Port of Entry terminal at International Airport would be finished shortly after the first of the year.

Adopted a resolution providing new rules and regulations for operation of the county's parks and airports.

Instructed Attorney Harry Johnston to procure copies of new juvenile laws and make the statutes available to county PTA units.

Heard that a state audit of the commission books had been made and found the records to be in "excellent order."

Received bids for insurance on county rolling stock; bids on janitorial supplies and bids on microfilm equipment. Bids were referred to commission attaches for tabulation and recommendations for purchase.

Received a state gas tax check for \$10,704; and a check from the government for \$1,569 in lieu of taxes on Morrison Homes in West Palm Beach.

## So'western Hospital Board Has Annual Meet; Elect Officers

Officers were elected at the annual session of the Southwestern Palm Beach County Hospital Board held recently at Belle Glade.

Herbert Beck was elected chairman, George L. Royal vice chairman and Fritz Stein secretary-treasurer.

A report was heard from Donald Parks, hospital superintendent, on increased service to the Glades community during the year.

New equipment and additions to the plant during the year include an oxygen tent presented by the Woman's Auxiliary, a second autoclave, a new electrocardiograph, medical and surgical equipment, new sidewalk, electric water cooler and the partial refurbishing of one wing.

Expenses, Parks pointed out, national trend; but income also increased with added service. He said the hospital remains in sound financial condition.

Admissions during the year totaled \$1,080.

It was voted that the slate of officers elected when the EUA was organized this fall are to serve until June 30, 1954.

## Kenneth E. Cooksey Appointed Co. Judge Of Jefferson County

A story in the Monticello, Fla. News will be of interest to Glades folks since it concerns the husband of a former Canal Point girl—Miss Maida Harrington, who is the wife of recently appointed Judge Kenneth E. Cooksey of Monticello. The complete story follows:

"The News was advised today that Kenneth E. Cooksey has been appointed by Governor Charley E. Johns to the office of County Judge of Jefferson County to fill the vacancy created by the death of Judge Thomas E. Bird."

"Cooksey is presently serving as Judge of the Small Claims Court, and in the last Democratic Primary was a candidate for the office to which he has now been appointed, losing by a very close margin."

"He is the son of Mrs. Jim Cooksey, 32 years of age, married and the father of three children. He was educated in the public schools of Jefferson County, attended Emory University and graduated from Stetson University in 1949, receiving his degree in Law. He has engaged in a general practice of law since his graduation."

"Judge Cooksey is a Methodist and serves on the Board of Stewards. He is a member of the Monticello Kiwanis Club; the president of the Monticello Jr. Chamber of Commerce; a veteran of World War II and a life resident of Jefferson County."

## WEEK OF PRAYER

## Tibbitts Funeral Held On Tuesday

Funeral services for Gerald Stephen Tibbitts, 43, of Pahokee were held at the Pahokee First Baptist Church Tuesday, Nov. 24, at 2 p. m., with the Rev. W. Hal Hunter, pastor, officiating.

Mr. Tibbitts died at the Pratt VA Hospital, Coral Gables, at 3:35 a. m., Sunday after an illness of several weeks. A veteran of World War II, he came to Pahokee with his family 13 years ago and before his illness was a member of the Pahokee city police force. He was also a member of the Pahokee First Baptist Church.

Survivors include his wife, Georgia; two daughters, Miss Geraldine Faye Tibbitts and Mrs. Sileen Gray, all of Pahokee; father, Guy Tibbitts of Michigan and Pahokee; two sisters, Mrs. J. P. Eldridge, Ocean Wave, Fla., and Mrs. Lilla Broome, Ocala; two half brothers, Keith Mace, Green Cove Springs, and James Mace, Jacksonville; three grandchildren, Larry, Jimmy and Gary Gray, Pahokee.

Serving as pallbearers were members of the Pahokee police department: Chief Leon Guthrie, W. A. Humphries, Jr., George Johnson, Richard Sappington, Mack Barfield and Charles Brown.

Burial was in the Port Mayaca Cemetery, Wetherington's Funeral Home was in charge of arrangements.

## Book Week Program Presented At Chapel

The Pahokee High School library staff, under the direction of Miss Ruth Dorsey, librarian, presented its annual Book Week program at the student assembly Friday afternoon.

In keeping with the season, the program featured a one-act play entitled "Every Day Is Thanksgiving," dealing with the treatment of Displaced Persons who have suffered all of the hardships of war. In the play a young English girl (Donna Gail Jensen) comes to the home of an American family for the holidays; and through her love for her adopted country, America, shows the family the true spirit of Thanksgiving.

Others in the cast were Frances Wilson, Bonnie Miller, Martha Culbertson, Donna Lee Upthegrove, Edgar (Chuck) Elliot, Donald Pickett, Edwin Stuart and Wayne Bordesaw, all seniors except for Donna Upthegrove, a Sophomore.

## The Pahokee High Blue Devils

copped the Bill Young Memorial Trophy clinched its third place position in the Suncoast Conference and proved itself one of the greatest teams in Pahokee football history in completely outclassing the hard-fighting Belle Glade Golden Rams, 40-12, at Belle Glade Friday night. It is needless to review the scoring details, as it seemed practically everyone from the Pahokee Canal Point area was present to see the smooth and powerful performance of the Blue Devils in bringing their football season, after a week and disappointing opening, to a strong and highly successful climax.

The Blue Devils wound up their season with an all-game record of 7-2-1 and a conference record of 5-2-1, running up in the 10 games played a total of 305 points while allowing their opponents 146. The 1953 Pahokee team can be compared to a thoroughbred race horse that lost its chance in the race for championship by getting maced up at the starting gate.

Halfback Buford Justice and Quarterback Robert Goodson, co-captains in the Belle Glade game and two of the main cogs in the Blue Devils' high scoring machine, ended their high school football careers Friday night because they will be ineligible to play next year. The Pahokee line, loosely knit at the start of the season but one of the strongest forward walls in the conference at the end, are also losing three stalwarts, Tackle Elmes E. Elliott, Guards Wiley Howell and Mike Ginsberg, who are scheduled for graduation in the spring.

With its passing into school history, we proudly salute Coach Webb Pell's 1953 Blue Devils, a great team in every sense of the word!

## Donald Padgett To Deliver Sermon In Pahokee Sunday

Donald Padgett, former Pahokee resident now living in Loganville, Ga., will deliver the sermon at the morning worship service of the Pahokee First Methodist Church Sunday.

Mr. Padgett is serving as pastor at two Methodist churches in Georgia, one at Loganville and the other at Walnut Grove, while studying for the ministry at Emory University, Atlanta. He was an active worker and leader in Pahokee Methodist Youth Fellowship activities while attending Pahokee High School. After graduating from high school, he attended the University of Florida where he received a BS degree in agriculture. He taught agriculture to veterans in Okeechobee for a short period and was agricultural instructor at the Auburndale High School for two years before deciding to enter the Methodist ministry last summer.

While in Pahokee this weekend he and his wife and two children, Donna Joy and Duncan, are the guests of his parents, Mr. and Mrs. Donald Padgett.

## Cinematic Chatter

By Malcolm Miller

Hello everybody! "Men are mere background for Women." With these sentiments it is no wonder that Cary Grant is such a success among the feminine sex. The statement, however, does more than flatter the ladies. It throws a close perspective on Mr. Grant's personality. Talk to him about himself and he switches you to such stars as Deborah Kerr, (The lady who figures quite a bit in the Sinatra-Gardner "go") or Bette St. John, who is becoming very popular in cinema. If you really press him to find out the secret of his endless popularity, Grant will shrug and comment, "Everybody loves to laugh." If you remind him that it takes more than slapstick to make a star, he will tell you his favorite story, "One Night Spencer Tracy and the playwright, Garson Kanin,

were dining together," he recalls. Kanin, a devoted fan of Tracy, was telling Spence how great an actor he was. How mightily he was regarded by the acting fraternity and ad infinitum. Tracy listened politely. When Kanin finally asked him what advice he would give to a youngster starting out as an actor, he replied without a moments hesitation: "Just learn the Gosh Darned words!" Grant has learned his long and diligently since the days he roamed the streets of London as a stiltwalker and earned his fish and chips as tumbler. "What success I've had as a comedian I credit to this early training in coordination," he says. "Timing is the most important element of comedy." His Hollywood co-workers, however, have a different theory. "They call it the Grant personality. I agree with that statement, he does have a wonderful personality... and he is a great comedian. See you at the movies—Mal.

### The Missus Keeps Posted

Ever since our electricity was cut off last year on account of me forgetting to mail in the payment, the Missus has been sort of leery about giving me letters to mail.

At first she'd ask if I mailed them, then double-check my coat pocket at night. She stopped that, and I figured she was convinced I'd learned my lesson.

Then yesterday, I got a postcard at the office in a familiar handwriting. I turned it over and by golly it was from the Missus herself! It read: "Thanks, Joe, for mailing my letters." Well!

Looks like she figured I still needed some checking-up and slipped that postcard in the last batch of letters.

From where I sit, an occasional check-up is a good thing. Check-ups on just how tolerant we are of other people's preferences and tastes, for example. I like a glass of beer with supper, you may prefer cider—but if I ever try to switch you to my choice, simply "address" me with a reminder of your rights.

**T**HIS IS A DAY OF DREAMS COME TRUE... for the returning Korean War veterans pressing against the ship's rail and for their loved ones waiting on the dock. The counted days of waiting are over, the nightmare of war is behind them. These boys have seen far across the seas doing a hard, dirty, bloody job... a job of defense—for you.

But defense is your job, too. It is our job to help make America's economy as strong and dependable as these men have made her military power. And your job can be not only easy but rewarding—in financial security for you and your family. Just buy U. S. Defense Bonds. Buy them now and buy them regularly. For your bonds and other forms of saving can make America strong. And in this warring world, *strength* is America's surest guarantee of peace.

So sign up for bonds today—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank. For your security and your country's, too, buy United States Defense Bonds regularly!

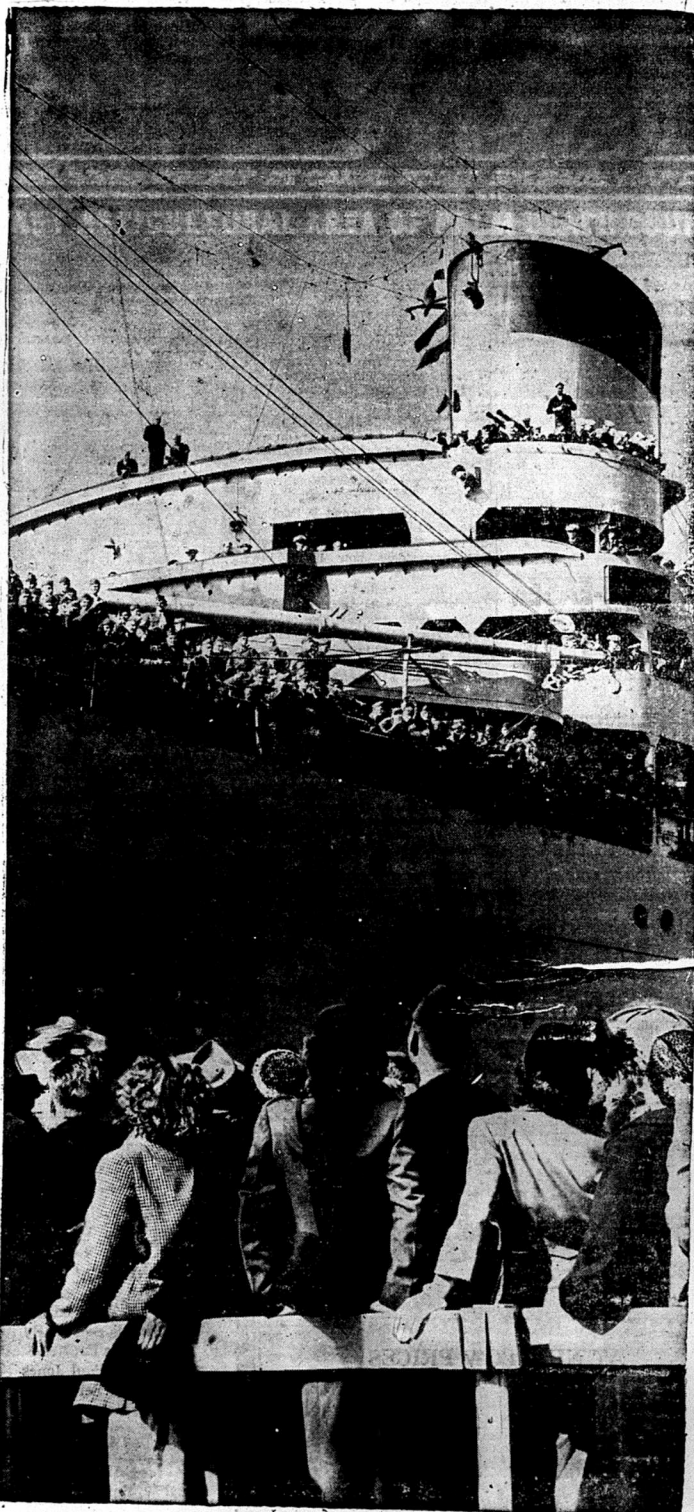

### The U. S. Defense Bonds you buy give you personal financial independence

Don't forget that bonds are now a better buy than ever. Because now every *Series E Bond* you own can automatically go on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not just \$25—but as much as \$33.33! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's too, buy U. S. Defense Bonds now! Bankers recommend them as one of the safest forms of investment.

*Uncle Sam made the bonds you own  
an even better bargain!*

# Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid  
your interest as current income—  
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. ## Christian Science Group Of Canal Point

Theme of services in Christian Science churches next Sunday is that joy and freedom inevitably result when man recognizes God as his Mind. Subject of the Lesson-Sermon is "ANCIENT AND MODERN NECROMANCY, ALIAS MESMERISM AND HYPNOTISM, DENOUNCED."

A verse from III John (1:11): provides the Golden Text: "Beloved, follow not that which is evil, but that which is good. He that doeth good is of God; but he that doeth evil hath not seen God."

Bible passages include Jesus' question, "How can one enter into a strong man's house, and spoil his goods, except he first bind the strong man?" (Matthew 12:29).

Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Mortal mind is the strong man, which must be held in subjection before its influence upon health and morals can be removed" (p. 400).

Stevens, Sr., who was in charge of arrangements. Others taking part on the program were Mrs. J. P. Herrin, Mrs. J. E. Unwin, Mrs. Marvin Crady and Mrs. Claude L. Shirley. ...if there were only  
ONE telephone  
 in the world

If you had the only telephone in the world, you couldn't use it. There would be nobody else you could call.

The value of a telephone is in the great number of people you can reach with it. You can talk with almost anyone, anywhere—quickly, easily and at low cost.

Last week the number of telephones in this nation passed the 50,000,000 mark. That's more than there are in all the rest of the world. It figures out to about one telephone for every three people in this country.

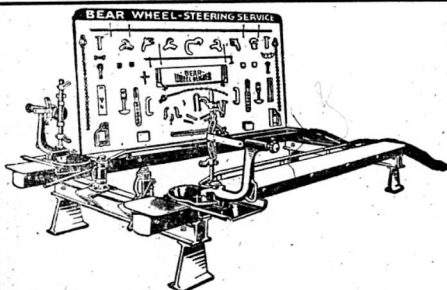

Most of these telephones are served by local Bell Companies like Southern Bell. Nearly 9,000,000, however, are operated by 5300 other companies.

In no other nation is the telephone so available, so useful and so low in cost.

## FAST GROWTH IN DIXIE...

The number of telephones in the areas served by Southern Bell has jumped from 1,863,204 at the beginning of 1946 to more than 4,200,000 today.
